

I really do want to thank the staff so much for your patience and care with Soph.

Having only been in Melbourne several months when we started at Juggles, and being very hesitant about starting her in any type of care, you have been so accommodating to her and all her funny little ways. You have made, what we thought would be a nightmare experience, very easy.

Although it's not always obvious, Soph's confidence is building every visit, she is so happy and settled, and this is totally due to you all treating her like an individual (a funny little one at that), and being soooo patient with her. We, as a family, are very grateful to you and your team. So a big thank you from all of us!!

Just a thanks for opening such a great Occasional Daycare Centre. Nyah really enjoys herself and as you know is not happy when it's time to come home.

The staff are lovely and the set-up is excellent for kids.

I will definitely recommend Juggles to any Brits coming to Melbourne.

Thanks Again, best wishes.

WOW what a place.

If you have not tried this place you need too.

I would like to sincerely thank all the very kind and caring staff at the center.

I have had my children in occasional care at different centers and have never been truly happy with the service I received.

The staff is just so wonderful, compassionate and extremely professional and they know each Childs needs.

The centre's security is fantastic and the online booking is just so easy. It allows me time on my own to finally go shopping hands free and STRESS free. The centre is opposite Southland shopping centre and is truly one in a million.

My children can't wait to get there. They bash on the door until the staff buzzes them in. I don't even get a good bye form the girls.

Thank you so very much too all the staff.

Keep up the great work.

Hi Everyone at Juggles,

Just wanted to say Thanks' for looking after Fraser this morning.

I was so impressed with your establishment and Fraser had a wonderful time!

I have already emailed all of my playgroup friends to recommend Juggles for their childcare needs!

Thanks again, see you soon,

L and F. Magna.

Before Juggles, accessing occasional care had always been difficult. Limited family support further reduced my child care options.

Since discovering Juggles I have more time for myself, as well as getting all the errands and housework done in half the time.

I have peace of mind knowing my daughter is well cared for and is having a great time playing with the other children. She often has such a good time she doesn't want to come home!

Regards,
T. Andrews

Just a small note to thank you for the excellent care you have been providing for Chelsea through your juggles Occasional Childcare Centre.

Given that Chelsea was only 20 months the first time she visited the Centre and had never been to Childcare before, I was a little nervous about her reaction to being away from me. When the tears started, the tenderness and compassion that all the girls showed made the whole experience that much easier for both me and Chelsea to deal with.

She is now three months into childcare and cracks a smile every time I pull up at your front door. The tears are gone and I am lucky if I get a kiss or a wave goodbye before she is off playing with a new friend or some new 'whiz-bang' toy. She is filled with confidence, happiness and an excitement I have not seen before. With your beautiful bright new centre and a team of wonderful carers who are warm, gentle and have an obvious love for children, you have succeeded in providing a premium level of childcare.

I must admit, it is also fantastic to have some free time to myself again, to do all the things that are just too difficult to do with a little one by my side. Using the Centre for only a few hours a day and only having to pay for the hours you use, makes your centre flexible, convenient and very affordable.

Thanks again to the staff for making my life that much easier!

We would like to thank you for being such a great team.

When Samara & Liam started 2 months ago we had tears every-time we left them, but just after a few shorts weeks they run and skin to day-care.

You have taken a huge load off my shoulders and I recommend you to all my friends

Keep-up the great work, we know you will be a huge success.

Your sincerely
L & I. Parsons
